Talia et Steve's Testimony

Dear Miss Simard,

My husband and I would like to take this opportunity to thank you from the bottom of our hearts for your kindness and generosity. Without your donation, Honey's surgery would not have been possible.

Honey's first three years of life were amazing; her days were filled with walks in the park, play dates with other dogs, and being loved very much by ourselves and anyone who met her. Last year, on a calm walk in June, Honey fell to the ground- her ligament tore.

It took one very expensive brace designed by Ortho designs, two TPLO surgeries and a lot of money that we do not have. Upon hearing that Honey needed yet another surgery to correct her knee and leg, we were faced with a very tough decision: do we do the surgery?

It is thanks to your fantastic foundation, along with Dr. Dupuis's surgical ability, that Honey is on her way to her old life. After one year of procedures, she will get to live again-THANK YOU!!!

Thank you and god bless you! Talia et Steve.
